

Dear ACS National Focal Points,  
Organizations on ICT/Cybersecurity in ASEAN Member States

Warmest Greetings from KNU (Kangwon National University), Republic of Korea (ROK). KNU is a core comprehensive National University representing Gangwon State, nurturing global talents contributing to the advancement of the nation and region. KNU is very proud to be involved in the ASEAN Cyber Shield (ACS) project which is supported by the Government of ROK through ASEAN-Korea Cooperation Fund (AKCF) as one of ASEAN HR Development Projects.

As the Implementing Agency (IA) of ACS project, KNU sends our best wishes to your organizations. KNU is very pleased to announce the recruitment of 30 students who will take part in ACS exchange student program for 2025. We would like to request an official recommendation of nominees by ADGSOM. Your active support and recommendation will be highly appreciated in fostering future ASEAN Cybershield experts through ASEAN Cybershield Exchange Student Program. (For more details, please refer to annex 1)

For your information on the recruitment for 2024, we've recruited 19 students (2 from Cambodia, 6 from Indonesia, 3 from Laos, 2 from Malaysia and 6 from Thailand) from only 5 AMS.

We are strongly expecting your kind support to recruit the exchange students from all AMS for 2025

Looking forward to your favorable consideration of this request of recommending 3 nominees from each AMS. Please submit the nominees list by email to [acs-esp@kangwon.ac.kr](mailto:acs-esp@kangwon.ac.kr) by September 20, 2024.

Please do not hesitate to contact Yiji Kim (Asst. Manager, [easily@kangwon.ac.kr](mailto:easily@kangwon.ac.kr)), if you have any question regarding this matter.

*Attachments.* 1. Program Guidelines for ASEAN Cybershield Exchange Student Program  
2. ASEAN Cybershield Exchange Student Program Brochure

Sincerely,

ASEAN Secretariat

Kangwon National University (KNU)  
Republic of Korea

Annex 1

Summary of the ASEAN Cyber Shield Exchange Student Program

1. Project Title: ASEAN SHIELD Project Output 4: Cybersecurity exchange student program development and operation
2. Project Period: January, 2023 ~ June, 2026
3. Recruitment Plans:
  - 1) Number of recruitments: 3 trainees from each AMS, total of 30 trainees (each year)
  - 2) Recruitment schedule: (2<sup>nd</sup> intake deadline) ~ September 20<sup>th</sup> 2024
  - 3) Submission of nominees list : by email to [acs-esp@kanowon.ac.kr](mailto:acs-esp@kanowon.ac.kr)
4. Exchange Student Program Course Plans:
  - 1) Class of 2024: March to December (1<sup>st</sup> intake)
  - 2) Class of 2025: March to December (2<sup>nd</sup> intake)
5. Qualification:

    - B. Recommendation letter from ADGSOM
7. Scholarship benefits:
  - Round-trip air fare
  - In-campus dormitory fee assistance
  - Daily meal expenses based on school's cafeteria

# ASEAN Cyber Shield

## Exchange Student Programme

ASEAN Cyber shield Exchange Student Program (ASEAN-ESCP)

Jointly by ACCC

As the sustainable security & interoperability depends on the joint cooperation among ASEAN Member States, the ESCP programme is designed to be conducted in the ASEAN Member States.

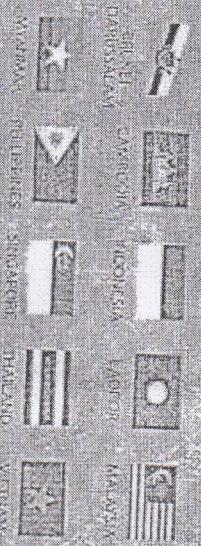

The ESCP programme is designed to be conducted in the ASEAN Member States, to produce specialized engineers who can respond to the needs of security areas of the future.

The education is designed to meet the needs of the future, to meet the requirements of the business and social contexts of cybersecurity.

You will have the opportunity to learn about key concepts, security principles, including threat and vulnerability management, laws and rules relating to security crimes, and implementation cycles like over AI and blockchain technology and others, continually following other students.

Going on exchange program at Korea University of Korea

In addition, this programme will lead you to the enhanced knowledge of many fields and different cultures.

## What is ASEAN CS-ESP?

## ASEAN CS-ESP Curriculum

Supported by ASEAN-Korea cooperation programme

Three students recommended/recruited from ASEAN Member States, every year (Totally 30 students from 10 ASEAN Member States per one year)

One year (two semesters) programme given in English

To produce Cyber Security specialized engineers

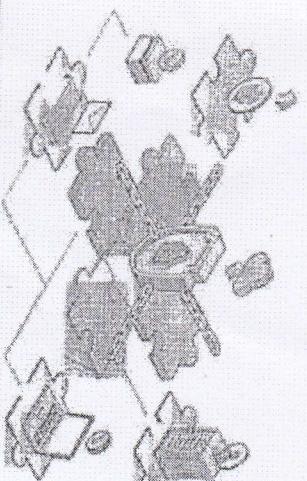

Even though the programme is campus-based at KNU in Chuncheon, it is no surprise that much of the teaching can be conducted digitally

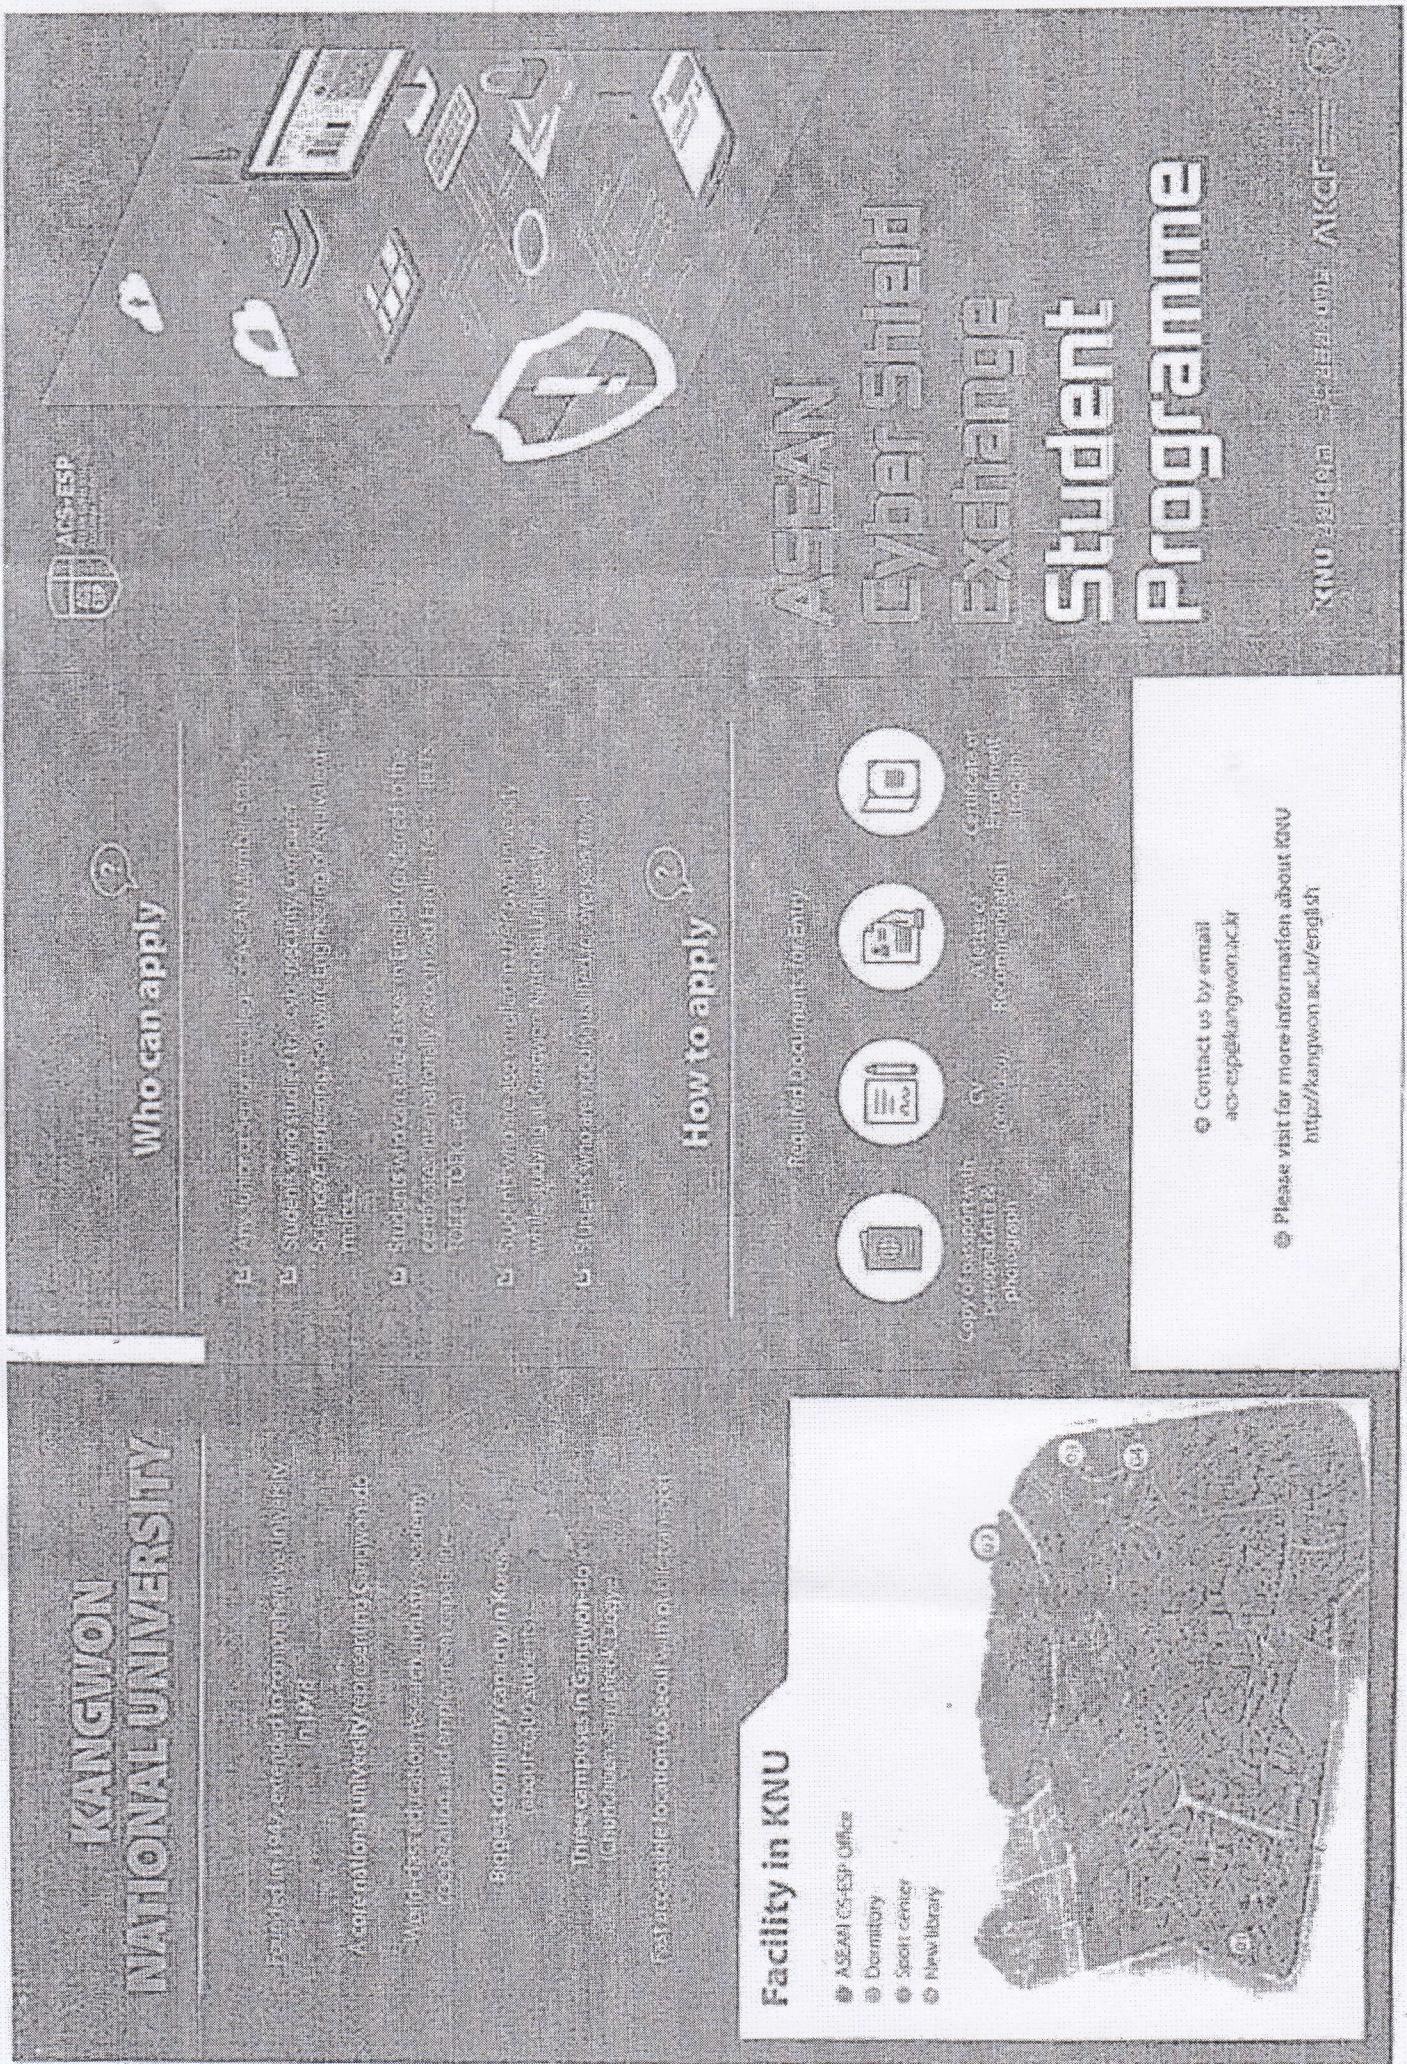

Exchange Students shall pay tuition and other relevant fees to the Home institution based upon MOU between the universities

Exchange Student will be responsible for medical and health insurance, subsistence expense, personal expenses

### What is the benefit of this programme?

- All costs bearing by ASEAN-KOREA cooperation fund (Round air ticket & dormitory fee are included)
- Internship programme
- Cultural experiences are provided
- Korean language class
- Mentoring programme for most activities in Korea is provided
- Linked to the graduate school, master course in Universitas Teknologi Brunei (UTB)
